STEP 1. MAKE STRIP SETS

The fair isle pattern will be created using three different strip sets.

To make strip set A, join a $1\frac{1}{2}$ " x 21" background strip to each side of a $1\frac{1}{2}$ " x 21" aqua strip pressing the seam open. Your strip set should measure $3\frac{1}{2}$ " wide. MAKE 2 then subcut into (18) $1\frac{1}{2}$ " sections.

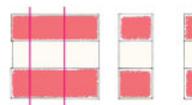

To make strip set B, join a $1\frac{1}{2}$ " x 21" aqua strip to each side of a $1\frac{1}{2}$ " x 21" red strip pressing the seam open. Your strip set should measure $3\frac{1}{2}$ " wide. MAKE 1 then subcut into (14) $1\frac{1}{2}$ " sections.

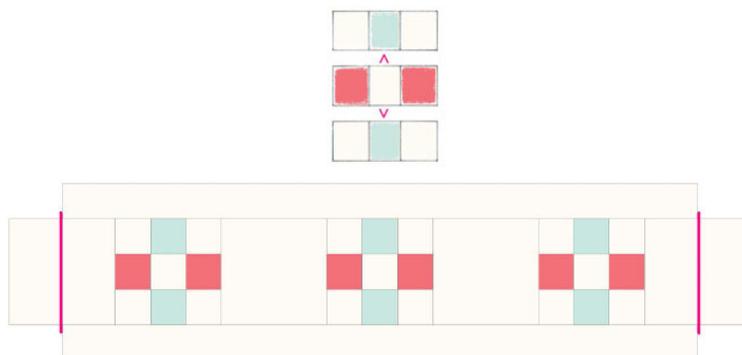

* You will use every scrap of the strip set so may need to cut additional $1\frac{1}{2}$ " squares of background and aqua from your fabric.

To make strip set C, join a $1\frac{1}{2}$ " x 21" red strip to each side of a $1\frac{1}{2}$ " x 21" background strip pressing the seam open. Your strip set should measure $3\frac{1}{2}$ " wide. MAKE 1 then subcut into (3) $1\frac{1}{2}$ " sections.

**STEP 2. MAKE MIDDLE ROW**

To make the middle row, make a nine-patch by joining a section A unit to the top and bottom of a section C unit, pressing as directed (>). MAKE 3.

Alternate with the (4) $3\frac{1}{2}$ " background squares, joining them together and pressing to away from the nine-patches. Trim to $18\frac{1}{2}$ " wide, centering the motifs, then join a $1\frac{1}{2}$ " x $18\frac{1}{2}$ " background piece to the top and bottom.

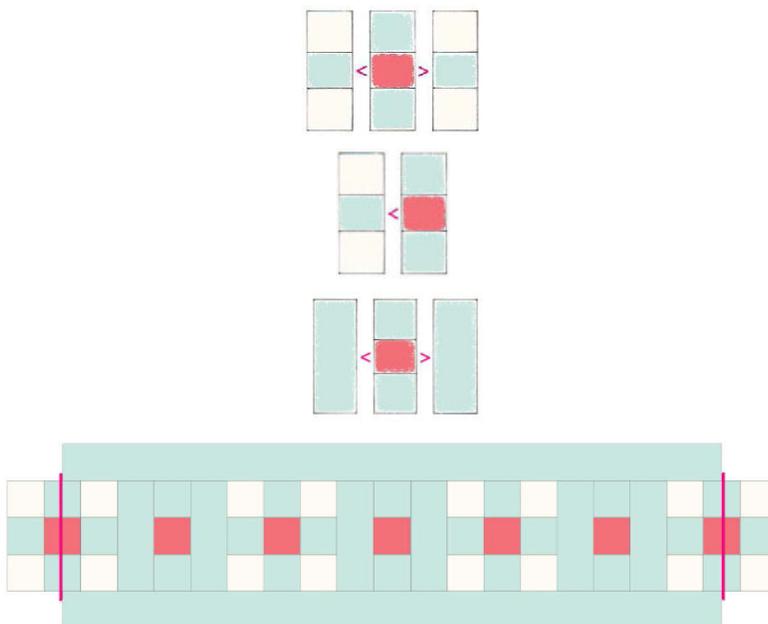

**STEP 3. MAKE OUTER ROWS**

To make the outer rows, make a nine-patch by joining a section A unit to each side of a section B unit. MAKE 4.

Next make a partial nine-patch by joining a section A unit to a section B unit. MAKE 4

Then make a dot unit by joining a $1\frac{1}{2}$ " x $3\frac{1}{2}$ " aqua piece to each side of a section B unit. MAKE 6

To make a row, alternate two nine-patches and three dot units, then join, pressing towards the dots. Add a partial nine patch to each end. Trim to $18\frac{1}{2}$ " wide, centering the motifs, then join a $1\frac{1}{2}$ " x $18\frac{1}{2}$ " aqua piece to the top and bottom. MAKE 2

STEP 4. ASSEMBLE THE BLOCK

To assemble the block, join the three rows together then add a 2" x 18½" background piece to the top and bottom.

Your block should measure 18½" square.
