Anagram is a Memphis modern inspired collection. It's about mixing things up, finding new meaning and surprises, and trusting the creative journey to take you new places.

Kimberly's popular *Grid* basic is back in a whole new range of colors. The 1/4" squares are not only a perfect subtle blender, they also make a fun base for embroidery and sashiko projects.

POP!

RASHIDA COLEMAN ♥ HALE

Pop! is a joyful collection inspired by things that go pop. So pop on a record, have a cold bottle of soda pop, and join in the party. (Don't pop those cute balloon animals, though!)

Zip!

RASHIDA COLEMAN ♥ HALE

Zip! is a not-so-basic print with a little more 'whoosh' than your average stripe. The painterly aesthetic adds texture and dimension.

Alma is about the ties of community, family, friendships, and the women who share their strength with the people around them. Alexia was inspired by her mother's quiet fortitude and lifelong love of textiles and gardening. The colors in *Alma* are sunny and warm, but a calm deep blue adds depth to the range of hues. Alexia carved, stamped and painted to create this collection, giving her textiles a handmade quality.

Alexia's ever-popular basic *Add It Up* is back in a few familiar colors and lots of new ones. This subtle pattern both acts like a print and behaves like a solid - it truly goes with anything!
