

Homemade Homespuns

Kansas Troubles Quilters

Is there anything cozier than curling up with a flannel quilt when the cold wind blows? For my family, our favorite go-to cuddling quilts are flannel and brushed homespuns. Many of my cotton quilts get flannel backings to increase the snuggle factor.

For these homespuns, I had fun digging through vintage quilts, antique scraps, and even a few of Robert's old flannel shirts for inspiration. These wovens were then given a color makeover with my warm, signature Kansas Troubles palette.

So use these soft, brushed woven plaids from the Homemade Homespuns collection to make quilts that are sure to become the coziest, go-to cuddling quilts in your home.
