Sparkle
and Shine **Glitter**

As the seasons change and December arrives on the calendar, we bring the natural beauty of the season into our homes. Poinsettias and mistletoe, pine boughs and holly become part of our holiday décor. (Though we will let the beautiful birds stay outside.)

Moda's Sparkle & Shine takes that imagery and gives it a fine mist of metallic sparkle that evokes the look of a fresh snowfall. With simple table-runners and pillows, tree skirts and stockings, let these classic prints shine throughout your holiday home.

Did You Know?

If you're not familiar with Moda's glitter fabrics, they don't leave sparkle wherever they go. We'll leave that up to you.
